Experience

2018-2019 **Waitress**

[*La Tagliatella & Gino's*](#)

Because the master was both in the morning and in the afternoon, last year I worked during weekends and holidays. My responsibilities were to attend and serve clients, collect the fees, prepare drinks and deserts, organize the warehouse (knowledge of FIFO and other regulations) and assembling the restaurant tables.

2016 - 2018 **Teacher**

[*Aula Ítaca*](#)

Part-time afternoon teacher in "Aula Ítaca" academy. My duties were to lead a 4-5 students' classroom and help them with daily homework, content questions they may have had of any subject, and evaluating their progress in different areas, such as reading and writing skills.

2016 - 2019 **Secretary**

(summers) [*Boxwedl S.L.*](#)

IT help desk and in charge of calling clients and get or upgrade information stored from clients in the database. Also in charge of maintaining the dataset.

Internship

2018 - 2019 **Web application development project**

[*University Pompeu Fabra*](#)

Group project. The task consisted on developing a database and a web application to access it, store and retrieve information from it.

2018 - 2019 **Protein model builder**

[*University Pompeu Fabra*](#)

Group project. A python program and its UI were built in order to create 3D protein models from pdb files containing paired strands.

2016 **Forensic anthropology department**

[*University Autonomous of Barcelona*](#)

Human bone identification duties and development of a database to store that information.

Education

2018 - present **Bioinformatics for Health Science MSc**

University Pompeu Fabra - University of Barcelona

[*MSc second year's thesis being done in KU Leuven, Belgium*](#)

2013 - 2018 **Genetics BSc**

University Autonomous of Barcelona
